I, the undersigned (Applicant) request Natural Gas service from the Lewisburg Natural Gas Department (L.N.G.D.). I Agree to pay all applicable connection charges and for all gas consumed on the premises and to comply with all rules and regulations of the L.N.G.D. and all applicable State and Federal laws. I understand that said paid connection charge is non-refundable.

I agree that in the event that I fail to pay a legitimate account, I will pay all expenses incurred in the collection of said delinquent account.

I certify that at the present time I do not owe the L.N.G.D. for prior service and further certify that this application is my Bona Fide application and not submitted in conjunction with or on behalf of another who has had Gas Service terminated by L.N.G.D. for failure to pay for service. I understand that providing false information on this application may result in termination of service.

I further agree that (1) L.N.G.D. shall retain title to all meters and other property furnished by it; and (2) that I shall be responsible for the safe keeping of all property of L.N.G.D. on the premises herein mentioned; and (3) that I shall guarantee free right of ingress and egress by L.N.G.D. employees and authorized agents to meters, regulators, and other property of the L.N.G.D. located on said premises; and (4) I will keep in repair all appliances and piping on said premises (other than L.N.G.D. property) first notifying L.N.G.D. prior to having repairs made and/or additional appliances, equipment and/or piping installed and will report immediately to L.N.G.D. any leaks discovered; and (5) that L.N.G.D. shall not be liable for damages because of interruption of the supply of gas or by reason of fire, accidents, or any other cause due or alleged to be due to the proper installation of the service and/or facilities or the escape or accumulation of gas, and I agree to indemnify L.N.G.D. against liability, loss, or damage by reason thereof; and (6) L.N.G.D. shall have the right to discontinue Gas service without further notice in case of applicant's failure to comply with this agreement or any part thereof.

Notice: Natural Gas is odorless, colorless, and non-toxic, so we add an odorant for your protection. If you smell gas, call the Lewisburg Natural Gas Department at 359-4016 immediately. Do not operate electrical switches or appliances and do not use matches or any open flame. If the odor is strong, evacuate the area immediately and call L.N.G.D. from a neighboring phone. Do not re-enter the area.

NOTICE: As required by the U.S. Department of Transportation 49 C>F>R> Part 192.16, L.N.G.D. must notify customers that L.N.G.D. does not maintain Customer piping past the meter set. If your gas piping is buried underground and is not properly maintained, the piping may be subject to the potential hazards of corrosion and leakage. L.N.G.D. recommends that you periodically inspect your piping for: (1) leaks and/or (2) corrosion (if piping is metallic). All unsafe conditions that are found need to be repaired immediately. Qualified contractors can assist you in locating, inspecting, and repairing any buried, Customer-owned piping. If you have questions, please call L.N.G.D. at 359-4061. In addition, according to State law, you must have buried utility lines located before digging and excavation should be done by hand. For utility line locations, call: **Tennessee One-Call at 1-800 351-1111.**
